Valentine's Day has generally been fraught with disaster for me. Flu, lost reservations, unrealistic expectations. I won't go any further. I celebrate Feb 14 as friends day and am much happier with that focus. As such I am not opposed to a CAG mtg that day.

Are you suggesting the CAG does not make for a good date night? Free pizza and entertainment!

I can only make the afternoon for a call tomorrow. Debbie

Hi guys,

I am back, unfortunately as it turns out I have a meeting from 12-1 that I forgot to put on my calendar. I can do anytime 10-12 or 1-5

If you go ahead and chat just let me know what you decide and I will get the revised agenda out. A draft agenda is attached, I am trying to put the primary focus on 10.9 and limit the rest of the discussion topics to get people out of there at 8:30 to make up for the added distance.

One thing is that the CAG meeting in February would fall on the 14th, I think that could cause some challenges for some of the more romantic among us, so we should talk about that as well.

thanks  
Doug

Doug:

I have a 5 PM flight on Jan 15th to Chile. I am available only until noon on the 15th. I return to NYC on the 23rd. We should talk before the 15th. My understanding is that the Bonjiornos may be at the Lyndhurst meeting, although they told Stephanie Vaughn yesterday that they may not attend, they haven't decided. They asked Stephanie a lot of questions about the processing facility(ies) that will process the 10.9 material, whether those facilities were fully enclosed or not.

Also, German radio (Deutsche Welle) plans on attending the Jan 17th CAG meeting. They have spoken to several of us about Hurricane Sandy testing. Daniella Cheslow is the reporter that plans on attending, possibly for a radio broadcast. I will discuss this with Ray and Stephanie and Sophia Kelley. Sophia is very versed in our Agency's response efforts and can handle this, this is more FYI for you.

Happy Travels David, I hope it is someplace interesting.

I think it would be best to talk on the 16th if possible so we can be ready to discuss anything of interest at our meeting on the 17th. Are you available on the 16th at all Debbie, Ana, Carol? I am quite flexible that day.

thanks

Hi Debbie, Ana, Carol and Doug,

I hope all of you had a wonderful holiday. I just wanted to let you know that we have received direction from EPA to continue working with you as we outlined in the schedule that we created at the end of last year. As of now, Terrie and I are working on providing a summary and comments on the CPG letter to the

NRRB. These will mostly be comments about things to check for in the revised FFS when it is released. We are also going to begin working on the tables that we discussed: an outline of types of dredging and other projects that are similar to what is being proposed for the Passaic River. As you know, our contract ends January 22. We will complete our summary and comments/questions on the CPG letter to the NRRB by then, as well as have templates and portions of the tables filled in. Let me know if there are any questions or concerns about this work. If it sounds good, would you all be available to meet in the latter half of next week, once we have something to show to you? Thursday, Jan 17, would be best for us, but we could maybe work out something for Wednesday, January 16 or Friday January 18.

Best,

Kirby
